

SUBJECT INDEX—VOLUME 78

E = Editorial; CPC = Clinicopathologic Conference; MSS = Medicine, Science, and Society;
CCBSS = Combined Clinical and Basic Science Seminar

Abscess

- Anaerobic myocardial abscess following myocardial infarction, 513
- Epidural abscess, vertebral destruction, and paraplegia caused by extending infection from an aspergilloma, 518
- Hemophilus aphrophilus meningitis followed by vertebral osteomyelitis and suppurative psoas abscess, 159
- Acquired immune deficiency syndrome**
 - Analysis of T cell subsets in different clinical subgroups of patients with the acquired immune deficiency syndrome. Comparison with the "classic" form of Kaposi's sarcoma, 951
 - Anti-lymphocyte antibodies in patients with the acquired immune deficiency syndrome, 621
 - Continuous high-grade Mycobacterium avium-intracellulare bacteremia in patients with the acquired immune deficiency syndrome, 35
 - Correlation between immunologic function and clinical subpopulations of patients with the acquired immune deficiency syndrome, 417
 - Histoplasmosis in the acquired immune deficiency syndrome, 203
 - Human lymphoblastoid interferon treatment of Kaposi's sarcoma in the acquired immune deficiency syndrome. Clinical response and prognostic parameters, 737
 - Hyperalgesic pseudothrombophlebitis. New syndrome in male homosexuals, 317
 - Myelopathy following intrathecal chemotherapy in a patient with extensive Burkitt's lymphoma and altered immune status, 697
 - Serum lactate dehydrogenase levels in adults and children with acquired immune deficiency syndrome (AIDS) and AIDS-related complex: possible indicator of B cell lymphoproliferation and disease activity. Effect of intravenous gammaglobulin on enzyme levels, 728
 - Small noncleaved B cell Burkitt-like lymphoma with chromosome t(8;14) translocation and Epstein-Barr virus nuclear-associated antigen in a homosexual man with acquired immune deficiency syndrome, 141
 - Spectrum of pulmonary diseases associated with the acquired immune deficiency syndrome, 429
 - Volatile nitrites. Use and adverse effects related to the current epidemic of the acquired immune deficiency syndrome, 811
- Acromegaly**
 - Polyostotic fibrous dysplasia with acromegaly, 539

Addison's disease

- Clinical clues to the cause of Addison's disease, 461
- Adenocarcinoma**
 - Prospective evaluation of cardiotoxicity during a six-hour doxorubicin infusion regimen in women with adenocarcinoma of the breast, 555
- Adenoma**
 - Effect rates of different modalities for treatment of prolactin adenomas, 114
 - Recurrent prolactinoma and meningioma following irradiation and bromocriptine treatment, 153
- Adenopathy**
 - Interstitial lung disease and hilar adenopathy in a 28-year-old man with aplastic anemia (CPC), 659
 - Sarcoidosis mimicking cor triatriatum. Echolucency of adenopathy due to sarcoidosis, 501
- Adrenal disease**
 - Calcium metabolism and parathyroid function in primary aldosteronism, 385
 - Clinical clues to the cause of Addison's disease, 461
 - Micturition-induced hypertension in a 58-year-old woman (CPC), 307
 - Non-Hodgkin's lymphoma limited to the adrenal gland with adrenal insufficiency, 711
- Adverse effects**
 - Anaphylactic reaction and cardiopulmonary arrest following intravenous cyclosporine, 343
 - Chronic arthropathy in long-term hemodialysis, 82
 - Development of hypercalcemic hyperparathyroidism after long-term phosphate supplementation in hypophosphatemic osteomalacia. Report of two cases, 669
 - Effect of long-term amiodarone therapy on thyroid hormone levels and thyroid function, 443
 - Effects of nonsteroidal anti-inflammatory drugs on prostaglandins and renal function, 992
 - Electron microscopic demonstration of lysosomal inclusion bodies in lung, liver, lymph nodes, and blood leukocytes of patients with amiodarone pulmonary toxicity, 506
 - "Experimentation" with chloroform, 715
 - Hemodialysis-associated platelet activation and thrombocytopenia, 575
 - Horner's syndrome secondary to Swan-Ganz catheterization, 168
 - Hypercalcemia in disseminated histoplasmosis. Aggravation by vitamin D, 881
 - Infectious peritonitis in patients receiving intraperitoneal chemotherapy, 49

- Insulin antibodies in patients receiving penicillamine, 857
- Limb loss due to transvenous endocardial pacemaker therapy, 351
- Myelopathy following intrathecal chemotherapy in a patient with extensive Burkitt's lymphoma and altered immune status, 697
- Prospective evaluation of cardiotoxicity during a six-hour doxorubicin infusion regimen in women with adenocarcinoma of the breast, 555
- Relapsing post-transfusion purpura. A preventable disease, 361
- Runner's macrocytosis: a clue to footstrike hemolysis. Runner's anemia as a benefit versus runner's hemolysis as a detriment, 321
- Survival after severe hyponatremia due to salt ingestion by an adult, 176
- Use of serum bile acids in the identification of vinyl chloride hepatotoxicity, 68
- Venous air embolism. Life-threatening complication of orogenital sex during pregnancy, 333
- Ventricular arrhythmias during pulmonary artery catheterization in the intensive care unit. Prospective study, 451
- Volatile nitrites. Use and adverse effects related to the current epidemic of the acquired immune deficiency syndrome, 811
- Ageneis**
 - Renal and testicular agenesis in a patient with Darier's disease, 873
- AIDS**
 - Analysis of T cell subsets in different clinical subgroups of patients with the acquired immune deficiency syndrome. Comparison with the "classic" form of Kaposi's sarcoma, 951
 - Anti-lymphocyte antibodies in patients with the acquired immune deficiency syndrome, 621
 - Continuous high-grade Mycobacterium avium-intracellulare bacteremia in patients with the acquired immune deficiency syndrome, 35
 - Correlation between immunologic function and clinical subpopulations of patients with the acquired immune deficiency syndrome, 417
 - Histoplasmosis in the acquired immune deficiency syndrome, 203
 - Human lymphoblastoid interferon treatment of Kaposi's sarcoma in the acquired immune deficiency syndrome. Clinical response and prognostic parameters, 737
 - Hyperalgesic pseudothrombophlebitis. New syndrome in male homosexuals, 317

AIDS (cont'd.)

- Myelopathy following intrathecal chemotherapy in a patient with extensive Burkitt's lymphoma and altered immune status, 697
- Serum lactate dehydrogenase levels in adults and children with acquired immune deficiency syndrome (AIDS) and AIDS-related complex: possible indicator of B cell lymphoproliferation and disease activity. Effect of intravenous gammaglobulin on enzyme levels, 728
- Small noncleaved B cell Burkitt-like lymphoma with chromosome t(8;14) translocation and Epstein-Barr virus nuclear-associated antigen in a homosexual man with acquired immune deficiency syndrome, 141
- Spectrum of pulmonary diseases associated with the acquired immune deficiency syndrome, 429
- Volatile nitriles. Use and adverse effects related to the current epidemic of the acquired immune deficiency syndrome, 811
- Adair's syndrome**
Polycystic fibrous dysplasia with acromegaly, 539
- Aldosteronism**
Calcium metabolism and parathyroid function in primary aldosteronism, 365
- Alkalosis**
Electrocardiographic finding simulating acute myocardial infarction in a compound metabolic aberration, 529
- Amiodarone**
Effect of long-term amiodarone therapy on thyroid hormone levels and thyroid function, 443
- Electron microscopic demonstration of lysosomal inclusion bodies in lung, liver, lymph nodes, and blood leukocytes of patients with amiodarone pulmonary toxicity, 506
- Amyotrophic lateral sclerosis**
Pyramidal tract deficits and polyneuropathy in hyperthyroidism. Combination clinically mimicking amyotrophic lateral sclerosis, 1041
- Anaphylaxis**
Anaphylactic reaction and cardiopulmonary arrest following intravenous cyclosporine, 343
- Anemia**
Interstitial lung disease and hilar adenopathy in a 28-year-old man with aplastic anemia (CPC), 659
- Pernicious anemia and giant cell myocarditis. New association, 355
- Runner's macrocytosis: a clue to footstrike hemolysis. Runner's anemia as a benefit versus runner's hemolysis as a detriment, 321
- Aneurysm**
Risk factors for the development and rupture of intracranial berry aneurysms, 957
- Angioplasty**
Changed learning curve for percutaneous transluminal coronary angioplasty. Implication for the future treatment of coronary artery disease, 438
- Angiotensin**
Relationship of blood pressure response and the renin-angiotensin system to first-dose prazosin, 241
- Anisotropy**
Acquired anisotropy in panhypopituitarism, 850
- Ankylosing spondylitis**
Two-dimensional echocardiographic detection of preclinical aortic root abnormalities in rheumatoid variant diseases, 908
- Antibiotic therapy**
Prospective randomized trial of antibiotic prophylaxis in acute leukemia, 407
- Use of aztreonam in the treatment of serious infections due to multiresistant gram-negative organisms, including *Pseudomonas aeruginosa*, 251
- Antibodies**
Anti-lymphocyte antibodies in patients with the acquired immune deficiency syndrome, 621
- Complement-activating antineutrophil antibody in systemic lupus erythematosus, 971
- Insulin antibodies in patients receiving penicillamine, 857
- Antigens**
Small noncleaved B cell Burkitt-like lymphoma with chromosome t(8;14) translocation and Epstein-Barr virus nuclear-associated antigen in a homosexual man with acquired immune deficiency syndrome, 141
- Anti-inflammatory therapy**
Effects of nonsteroidal anti-inflammatory drugs on prostaglandins and renal function, 992
- Anti-lymphocyte antibodies**
Anti-lymphocyte antibodies in patients with the acquired immune deficiency syndrome, 621
- Antineutrophil antibodies**
Complement-activating antineutrophil antibody in systemic lupus erythematosus, 971
- Anti-thymocyte globulin**
Pure red cell aplasia characterized by erythropoietic maturation arrest. Response to anti-thymocyte globulin, 515
- Arrhythmia**
Carotid sinus massage. Its diagnostic and therapeutic value in arrhythmias, 645
- Relationship of psychologic factors to frequent symptomatic ventricular arrhythmia, 589
- Ventricular arrhythmias during pulmonary artery catheterization in the intensive care unit. Prospective study, 451
- Arteritis**
Temporal arteritis and renal disease. Case report and review of the literature, 171
- Arthritis**
Chronic arthropathy in long-term hemodialysis, 62
- Familial granulomatous synovitis, uveitis, and cranial neuropathies, 801
- Human placenta-eluted gammaglobulins in immunomodulating treatment of rheumatoid arthritis, 920
- Stress management and mutual support groups in rheumatoid arthritis, 771
- Two-dimensional echocardiographic detection of preclinical aortic root abnormalities in rheumatoid variant diseases, 908
- Aspergilloma**
Epidural abscess, vertebral destruction, and paraplegia caused by extending infection from an aspergilloma, 518
- Asplenia**
Cutaneous infection at dog bite wounds associated with fulminant DF-2 septicemia, 687
- Asthma**
"Noninvasive" oral treatment of asthma in the emergency room, 929
- Atherosclerosis**
Coronary heart disease and risk factor modification. Is there a threshold? 826
- Autopsy**
Autopsy: moribund art or vital science? 107
- Aztreonam**
Use of aztreonam in the treatment of serious infections due to multiresistant gram-negative organisms, including *Pseudomonas aeruginosa*, 251
- Bacteremia**
Anaerobic myocardial abscess following myocardial infarction, 513
- Continuous high-grade *Mycobacterium avium-intracellulare* bacteremia in patients with the acquired immune deficiency syndrome, 35
- Erysipelothrix rhusiopathiae bacteremia presenting as septic shock, 861
- Group A streptococcal bacteremia in intravenous drug abusers, 569
- Group B streptococcal bacteremia in a community teaching hospital, 795
- Bacterial infection**
Anaerobic myocardial abscess following myocardial infarction, 513
- Clinical and endoscopic findings in patients early in the course of *Clostridium difficile*-associated pseudomembranous colitis, 45
- Continuous high-grade *Mycobacterium avium-intracellulare* bacteremia in patients with the acquired immune deficiency syndrome, 35
- Cutaneous infection at dog bite wounds associated with fulminant DF-2 septicemia, 687
- Erysipelothrix rhusiopathiae bacteremia presenting as septic shock, 861
- Group A streptococcal bacteremia in intravenous drug abusers, 569
- Group B streptococcal bacteremia in a community teaching hospital, 795
- Hemophilus aphrophilus meningitis followed by vertebral osteomyelitis and suppurative psoas abscess, 159
- Infectious peritonitis in patients receiving intraperitoneal chemotherapy, 49
- Meningitis due to *Staphylococcus aureus*, 965
- Multicenter collaborative evaluation of a standardized serum bactericidal test as a prognostic indicator in infective endocarditis, 262
- Neisseria sicca* pneumonia. Report of two cases and review of the literature, 1038

- Neurogenic bladder. New clinical finding in Legionnaires' disease, 1045
- Noocomial legionellosis, Paris, France. Evidence for transmission by potable water, 581
- Solitary pulmonary nodule due to *Cryptococcus neoformans* and *Mycobacterium tuberculosis*, 677
- Use of aztreonam in the treatment of serious infections due to multiresistant gram-negative organisms, including *Pseudomonas aeruginosa*, 251
- Beclomethasone**
- Aerosol beclomethasone in patients with steroid-responsive chronic obstructive pulmonary disease, 655
- Berry aneurysm**
- Risk factors for the development and rupture of intracranial berry aneurysms, 957
- Bibliographies**
- Managing bibliographic citations using microcomputers, 627
- Bile acids**
- Use of serum bile acids in the identification of vinyl chloride hepatotoxicity, 68
- Biology**
- Order and human biology (MSS), 545
- Biopsy**
- Open lung biopsy in patients with acute leukemia, 609
- Birth control**
- Relationship of exercise, oral contraceptive use, and body fat to concentrations of plasma lipids and lipoprotein cholesterol in young women, 913
- Bleeding time**
- The bleeding time as a preoperative screening test, 761
- Blood pressure**
- Cigarette smoking in hypertensive patients. Blood pressure and endocrine responses, 564
- Effect of labetalol on exercise tolerance and double product in mild to moderate essential hypertension, 937
- Micturition-induced hypertension in a 58-year-old woman (CPC), 307
- Relationship of blood pressure response and the renin-angiotensin system to first-dose prazosin, 241
- Bone disease**
- Are patients with hip fractures more osteoporotic? Review of the evidence, 467
- Development of hypercalcemic hyperparathyroidism after long-term phosphate supplementation in hypophosphatemic osteomalacia. Report of two cases, 669
- Fanconi syndrome associated with a non-ossifying fibroma of bone, 708
- Hemophilus aphrophilus meningitis followed by vertebral osteomyelitis and suppurative psoas abscess, 159
- Osteoarthritis. Emerging evidence for cell interactions in the breakdown and remodeling of cartilage, 495
- Osteolytic Paget's bone disease in a young man. Rapid healing with human calcitonin therapy, 326
- Polystotic fibrous dysplasia with acromegaly, 539
- Risk factors for postmenopausal osteoporosis, 95
- Breast carcinoma**
- Prospective evaluation of cardiotoxicity during a six-hour doxorubicin infusion regimen in women with adenocarcinoma of the breast, 555
- Bromocriptine**
- Effect rates of different modalities for treatment of prolactin adenomas, 114
- Recurrent prolactinoma and meningioma following irradiation and bromocriptine treatment, 153
- Bronchodilators**
- Aerosol beclomethasone in patients with steroid-responsive chronic obstructive pulmonary disease, 655
- "Noninvasive" oral treatment of asthma in the emergency room, 929
- Burkitt's lymphoma**
- Myelopathy following intrathecal chemotherapy in a patient with extensive Burkitt's lymphoma and altered immune status, 697
- Small noncleaved B cell Burkitt-like lymphoma with chromosome t(8;14) translocation and Epstein-Barr virus nuclear-associated antigen in a homosexual man with acquired immune deficiency syndrome, 141
- C3**
- Complement-activating antineutrophil antibody in systemic lupus erythematosus, 971
- Hypomorphic variant of the slow allele of C3 associated with hypocomplementemia and hematuria, 865
- Calcitonin**
- Osteolytic Paget's bone disease in a young man. Rapid healing with human calcitonin therapy, 326
- Calcium**
- Calcium metabolism and parathyroid function in primary aldosteronism, 385
- Development of hypercalcemic hyperparathyroidism after long-term phosphate supplementation in hypophosphatemic osteomalacia. Report of two cases, 669
- Electrocardiographic finding simulating acute myocardial infarction in a compound metabolic aberration, 529
- Familial hypocalciuric hypercalcemia. Mild expression of the gene in heterozygotes and severe expression in homozygotes, 15
- Hypercalcemia in disseminated histoplasmosis. Aggravation by vitamin D, 881
- Hypocalcemic heart failure, 1033
- Pancreatic islet cell carcinoma with hypercalcemia. Primary hyperparathyroidism or humoral hypercalcemia of malignancy, 337
- Primary hyperparathyroidism in familial multiple endocrine neoplasia type I. Long-term follow-up of serum calcium levels after parathyroidectomy, 467
- Unusual cause of short stature, 1025
- Carbohydrates**
- Effects of a high-complex-carbohydrate, low-fat, low-cholesterol diet on levels of serum lipids and estradiol, 23
- Carcinoma**
- Abnormal coagulation results in patients with Hodgkin's disease, 942
- Acquired dysfibrinogenemia. Paraneoplastic syndrome in renal cell carcinoma, 682
- Cancer of the anal canal. Model for preoperative adjuvant combined modality therapy, 211
- Care of patients with incurable, chronic neoplasm. One patient's perspective, 271
- Early gastric cancer. Clinicopathologic study, 195
- Familial embryonal carcinoma in a cancer-prone kindred, 891
- Fever, abdominal pain, and hepatomegaly in a 60-year-old man (CPC), 481
- Fever and abdominal mass in a 74-year-old man with long-standing vena caval obstruction (CPC), 1010
- Fulminant disseminated carcinomatosis arising from squamous cell carcinoma of the tongue, 149
- Infectious antecedent of immunoblastic lymphoma. Progressive immunosuppression in a patient with lymphogranuloma venereum, 163
- Infectious mononucleosis mimicking a B cell immunoblastic lymphoma associated with an abnormality in regulatory T cells, 885
- Myelopathy following intrathecal chemotherapy in a patient with extensive Burkitt's lymphoma and altered immune status, 697
- Noncavitary pulmonary granulomas associated with small cell carcinoma of the lung, 691
- Non-Hodgkin's lymphoma limited to the adrenal gland with adrenal insufficiency, 711
- Pancreatic islet cell carcinoma with hypercalcemia. Primary hyperparathyroidism or humoral hypercalcemia of malignancy, 337
- Primary central nervous system lymphoma in homosexual men. Clinical, immunologic, and pathologic features, 742
- Prognostic factors in patients with hepatocellular carcinoma receiving systemic chemotherapy. Identification of two groups of patients with prospects for prolonged survival, 399
- Prospective evaluation of cardiotoxicity during a six-hour doxorubicin infusion regimen in women with adenocarcinoma of the breast, 555
- Role of etoposide-based chemotherapy in the treatment of patients with refractory or relapsing germ cell tumors, 423
- Small noncleaved B cell Burkitt-like lymphoma with chromosome t(8;14) translocation and Epstein-Barr virus nuclear-associated antigen in a homosexual man with acquired immune deficiency syndrome, 141
- Cardiac disease**
- Acute severe mitral regurgitation. Pathophysiology, clinical recognition, and management, 293
- Anaerobic myocardial abscess following myocardial infarction, 513

(Continued on next page)

Cardiac disease (cont'd.)

- Carotid sinus massage. Its diagnostic and therapeutic value in arrhythmias, 645
- Changed learning curve for percutaneous transluminal coronary angioplasty. Implication for the future treatment of coronary artery disease, 438
- Clinical, electrocardiographic, and ventriculographic consequences of isolated occlusion of the right coronary artery, 749
- Clinical significance of "reciprocal" S-T segment depression in acute myocardial infarction. Relative contributions of infarct size and ischemia at a distance, 765
- Coronary heart disease and risk factor modification. Is there a threshold? 826
- Electrocardiographic finding simulating acute myocardial infarction in a compound metabolic aberration, 529
- Endogenous catecholamine levels in chronic heart failure. Relation to the severity of hemodynamic abnormalities, 455
- Femoral pseudoaneurysm following nonpenetrating trauma in a patient with aortic insufficiency, 719
- Hypocalcemic heart failure, 1033
- Mitral valve prolapse requiring surgery. Clinical and pathologic study, 245
- Multicenter collaborative evaluation of a standardized serum bactericidal test as a prognostic indicator in infective endocarditis, 262
- Normal catecholamine and hemodynamic responses to orthostatic tilt in subjects with mitral valve prolapse. Correlation with psychologic testing, 754
- Pericarditis. New association, 355
- Prospective evaluation of cardiotoxicity during a six-hour doxorubicin infusion regimen in women with adenocarcinoma of the breast, 555
- Q wave, S-T segment, and T wave myocardial infarction. Useful clinical distinction, 391
- Relationship of psychologic factors to frequent symptomatic ventricular arrhythmia, 589
- Sarcoidosis mimicking cor triatriatum. Echolucency of adenopathy due to sarcoidosis, 501
- Spontaneous recovery from cardiogenic shock and renal failure, 878
- The coronary care unit. A lack of consensus (MSS), 367
- Tricuspid stenosis. Atrial systolic murmur, tricuspid opening snap, and right atrial pressure pulse, 375
- Two-dimensional echocardiographic detection of preclinical aortic root abnormalities in rheumatoid variant diseases, 908
- Ventricular arrhythmias during pulmonary artery catheterization in the intensive care unit. Prospective study, 451
- Wangliella dermatitidis endocarditis in an intravenous drug user, 703
- Cardiogenic shock**
Spontaneous recovery from cardiogenic shock and renal failure, 878

Cardiovascular disease

- Cigarette smoking in hypertensive patients. Blood pressure and endocrine responses, 564
- Effect of labetalol on exercise tolerance and double product in mild to moderate essential hypertension, 937
- Micturition-induced hypertension in a 58-year-old woman (CPC), 307
- Relationship of blood pressure response and the renin-angiotensin system to first-dose prazosin, 241
- Carotid sinus**
Carotid sinus massage. Its diagnostic and therapeutic value in arrhythmias, 645
- Catecholamines**
Endogenous catecholamine levels in chronic heart failure. Relation to the severity of hemodynamic abnormalities, 455
- Normol catecholamine and hemodynamic responses to orthostatic tilt in subjects with mitral valve prolapse. Correlation with psychologic testing, 754
- Catheterization**
Homer's syndrome secondary to Swan-Ganz catheterization, 168
- Ventricular arrhythmias during pulmonary artery catheterization in the intensive care unit. Prospective study, 451
- Central nervous system**
Primary central nervous system lymphoma in homosexual men. Clinical, immunologic, and pathologic features, 742
- Central pontine myelinolysis**
Changing concepts in treatment of severe symptomatic hyponatremia. Rapid correction and possible relation to central pontine myelinolysis (E), 897
- Chemotherapy**
Cancer of the anal canal. Model for preoperative adjuvant combined modality therapy, 211
- Infectious peritonitis in patients receiving intraperitoneal chemotherapy, 49
- Myelopathy following intrathecal chemotherapy in a patient with extensive Burkitt's lymphoma and altered immune status, 697
- Prognostic factors in patients with hepatocellular carcinoma receiving systemic chemotherapy. Identification of two groups of patients with prospects for prolonged survival, 399
- Prospective evaluation of cardiotoxicity during a six-hour doxorubicin infusion regimen in women with adenocarcinoma of the breast, 555
- Role of etoposide-based chemotherapy in the treatment of patients with refractory or relapsing germ cell tumors, 423
- China**
Medicine and health care along the Silk Road in China (MSS), 3
- Chloroform**
"Experimentation" with chloroform, 715
- Chlorpheniramine**
Comparison of the therapeutic efficacy of cromolyn sodium with that of combined chlorpheniramine and cimetidine in

systemic mastocytosis. Results of a double-blind clinical trial, 9

Cholesterol

- Effects of a high-complex-carbohydrate, low-fat, low-cholesterol diet on levels of serum lipids and estradiol, 23
- Relationship of exercise, oral contraceptive use, and body fat to concentrations of plasma lipids and lipoprotein cholesterol in young women, 913

Chromosomes

- Small noncleaved B cell Burkitt-like lymphoma with chromosome t(8;14) translocation and Epstein-Barr virus nuclear-associated antigen in a homosexual man with acquired immune deficiency syndrome, 141

Chronic lymphocytic leukemia

- Phase II trial of recombinant leukocyte A interferon in patients with advanced chronic lymphocytic leukemia, 216

Chronic myelogenous leukemia

- Vasculitic leg ulcers in chronic myelogenous leukemia, 889

Chronic obstructive pulmonary disease

- Aerosol beclomethasone in patients with steroid-responsive chronic obstructive pulmonary disease, 655
- Effect of hypoxemia on sodium and water excretion in chronic obstructive lung disease, 87
- Relationship of ventricular ectopy to nocturnal oxygen desaturation in patients with chronic obstructive pulmonary disease, 28

Cigarette smoking

- Cigarette smoking in hypertensive patients. Blood pressure and endocrine responses, 564
- Smoking behavior, cessation techniques, and the health decision model, 817

Cimetidine

- Comparison of the therapeutic efficacy of cromolyn sodium with that of combined chlorpheniramine and cimetidine in systemic mastocytosis. Results of a double-blind clinical trial, 9

Cirrhosis

- Fever, abdominal pain, and hepatomegaly in a 66-year-old man (CPC), 481

Clinical trials

- The futility index. An approach to the cost-effective termination of randomized clinical trials, 635

Clinicopathologic Conferences

- Abdominal pain, purpura, and death in an elderly woman, 839
- Chronic dyspnea in a 22-year-old woman, 123
- Fever, abdominal pain, and hepatomegaly in a 66-year-old man, 481
- Fever and abdominal mass in a 74-year-old man with long-standing vena caval obstruction, 1010
- Interstitial lung disease and hilar adenopathy in a 28-year-old man with aplastic anemia, 659
- Micturition-induced hypertension in a 58-year-old woman, 307

Clostridium difficile

- Clinical and endoscopic findings in patients early in the course of

- Clostridium difficile-associated pseudomembranous colitis, 45**
- Colitis**
Clinical and endoscopic findings in patients early in the course of Clostridium difficile-associated pseudomembranous colitis, 45
- Combined Clinical and Basic Science Seminars**
Eicosanoids as bioregulators in clinical medicine, 805
- Communication**
A primer in the rheumatic diseases for east Tennessee (MSS), 182
Care of patients with incurable, chronic neoplasm. One patient's perspective, 271
Effects of patients' socioeconomic status and physicians' training and practice on patient-doctor communication, 101
Influence of medical and premedical education on important personal qualities of physicians, 985
- Complement**
Complement-activating antineutrophil antibody in systemic lupus erythematosus, 971
Hypomorphic variant of the slow allele of C3 associated with hypocomplementemia and hematuria, 865
- Compliance**
Examination of medical professions for counseling on medication adherence, 277
- Computers**
Managing bibliographic citations using microcomputers, 627
- Congestive heart failure**
Endogenous catecholamine levels in chronic heart failure. Relation to the severity of hemodynamic abnormalities, 455
Hypocalcemic heart failure, 1033
- Contraceptives**
Relationship of exercise, oral contraceptive use, and body fat to concentrations of plasma lipids and lipoprotein cholesterol in young women, 913
- Coronary artery disease**
Changed learning curve for percutaneous transluminal coronary angioplasty. Implication for the future treatment of coronary artery disease, 438
Clinical, electrocardiographic, and ventriculographic consequences of isolated occlusion of the right coronary artery, 749
Coronary heart disease and risk factor modification. Is there a threshold? 826
- Coronary care unit**
The coronary care unit. A lack of consensus (MSS), 367
- Corticosteroids**
Aerosol beclomethasone in patients with steroid-responsive chronic obstructive pulmonary disease, 655
Treatment of acute graft-versus-host disease after allogeneic marrow transplantation. Randomized study comparing corticosteroids and cyclosporine, P78
- Cor triatriatum**
Sarcoidosis mimicking cor triatriatum. Echolucency of adenopathy due to sarcoidosis, 501
- Cost-effectiveness**
The futility index. An approach to the cost-effective termination of randomized clinical trials, 635
- Cromolyn sodium**
Comparison of the therapeutic efficacy of cromolyn sodium with that of combined chlorpheniramine and cimetidine in systemic mastocytosis. Results of a double-blind clinical trial, 9
- Cryoglobulinemia**
Abdominal pain, purpura, and death in an elderly woman (CPC), 839
- Cryptococcus neoformans**
Solitary pulmonary nodule due to Cryptococcus neoformans and Mycobacterium tuberculosis, 677
- Cyclosporine**
Anaphylactic reaction and cardiopulmonary arrest following intravenous cyclosporine, 343
Treatment of acute graft-versus-host disease after allogeneic marrow transplantation. Randomized study comparing corticosteroids and cyclosporine, 978
- Darier's disease**
Renal and testicular agenesis in a patient with Darier's disease, 873
- Decerebrate posturing**
Reversible decerebrate posturing secondary to hypoglycemia, 1036
- Depression**
Depression among Vietnamese refugees in a primary care clinic, 41
- Dermatologic disorders**
Erythroderma with spongiotic dermatitis. Association with common variable hypogammaglobulinemia, 523
Renal and testicular agenesis in a patient with Darier's disease, 873
- Dermal myositis**
Simple method for measurement of lower extremity muscle strength, 77
- DF-2**
Cutaneous infection at dog bite wounds associated with fulminant DF-2 septicemia, 687
- Diabetes mellitus**
Abnormal retinal artery responses to stress in patients with type I diabetes, 595
Factitious brittle diabetes mellitus, 777
Patterns of foot examination in a diabetes clinic, 371
Recurrent diabetic ketoacidosis, 54
The changing natural history of nephropathy in type I diabetes, 785
- Diagnosis**
Carotid sinus massage. Its diagnostic and therapeutic value in arrhythmias, 645
Diagnosing early Lyme disease, 235
Erythrocyte sedimentation rate. From folklore to facts, 1001
Open lung biopsy in patients with acute leukemia, 609
- Use of serum bile acids in the identification of vinyl chloride hepatotoxicity, 68
- Diamond-Blackfan syndrome**
Diamond-Blackfan syndrome in adult patients, 533
- Diet**
Effects of a high-complex-carbohydrate, low-fat, low-cholesterol diet on levels of serum lipids and estradiol, 23
Hyperestrogenemia, diet, and disorders of Western societies (E), 363
Nutrition and somatomedin. XIII. Usefulness of somatomedin-C in nutritional assessment, 228
- Dog bite**
Cutaneous infection at dog bite wounds associated with fulminant DF-2 septicemia, 687
- Double product**
Effect of labetalol on exercise tolerance and double product in mild to moderate essential hypertension, 937
- Doxorubicin**
Prospective evaluation of cardiotoxicity during a six-hour doxorubicin infusion regimen in women with adenocarcinoma of the breast, 555
- Drug abuse**
